

## MASTER'S DEGREE IN SCIENCE AND EXECUTIVE ENGINEERING IN PARIS (FRANCE)

International Admissions Year 2012

### ECOLE NATIONALE SUPERIEURE DES MINES DE PARIS "MINES ParisTech"

One of the best Graduate Institute in Science and Engineering (Elite French "Grande Ecole") invites you to join its prestigious Master in Science and Executive Engineering Programme (2 years).

#### ELIGIBILITY REQUIREMENTS

Applicants must have successfully completed a Bachelor degree (or equivalent) in their home university by September 2012.

#### PROCEDURE & DEADLINE

- Contact the International Office of your university, which organises the pre-selection of the applications.
- Fill out the application form available at: <http://www.mines-paristech.eu/>
  - >> Admissions
    - >> Master degree in science and executive engineering
    - >> Graduating Students – Double Degrees
- Applications must arrive no later than October 3rd 2011. Late applications will not be considered.
- Eligible candidates will be asked to take a written test at the end of October / November 2011 and be interviewed in their home country before mid-December 2011 by MINES ParisTech representatives.
- Final admission will be announced by the end of December 2011.
- Precise dates will be announced by e-mail or by your International Office.
- Alternatively, possibility to attend part of this Engineering Course for a semester or one year as visiting-student (please refer to our website).

#### SCHOLARSHIPS

- Admitted students will benefit from a tuition waiver (up to 15 000 € per year) for the total duration of their studies at MINES ParisTech.
- Scholarships covering living expenses in France (up to 12 000 € per year) may be offered to outstanding applicants by the French or the home country's Government or by supporting Companies.
